

Amendments to the Drawings

The Examiner objected to the drawings as originally filed. Specifically, the Examiner stated that new drawings in compliance with 37 C.F.R. §1.121(d) are required in this application because the present drawings are not of sufficient quality.

Applicants file herewith a Transmittal of Replacement Drawings. Specifically, sheets 1-4 including Figures 1-4, are now filed in this patent application. Applicant believe that these objections to the drawings are now overcome.
